Elks, Woodmen and Moose to Gather at Big Event at Ball Park Today

Parade, Competitive Drill and Baseball Match on Program

Today will be a gala one in the records of the Woodmen of the World, the Elks and the Moose.

The much heralded three-cornered celebration, which will wind up with a baseball match at the First street ball park at 2:30 this afternoon, will lure hundreds of visitors from San Francisco and Alameda counties. There are three "principal events" billed for the day.

The first is a parade.

Leaving Twelfth street and Macdonald avenue promptly at 1.30 o'clock representatives of the three lodges will parade along Macdonald avenue to the baseball park. The parade will be led by the Richmond Concert Band.

Arriving at the baseball park, the drill teams of the Woodmen of the World and local Moose will perform in the second competitive drill of a series of five.

Following the drill and promptly at 2.30, the umpire will stand forth in all his glory and announce the batteries for the Richmond-Elk-San Francisco Moose baseball game.

All kinds of alluring features have been prepared for the day and that the celebration will be a big success is an assured fact.

Committees from the local orders state that the drill teams from San Francisco and Oakland will be amongst those present to witness the festivities. The Oakland drum corps will be present and a delegation of almost 500 Oaklanders will be present.

San Francisco will bring a large following.

Considerable interest is being manifested in the baseball contest. The Moose are confident of cleaning up the local Elks, while the Elks expect to perform a similar operation. Who will be successful will be decided only after a grueling match. Of course the lodge boys have prepared a bunch of extra features.

The competitive drill should be a spirited affair, and there should be close to 2500 citizens enter the pasture hen time is called.

Citizens of Pullman Ask for School

Petition Is Out for New Building

A petition signed by a number of residents asking that a new school be erected in the Pullman district is being circulated. The petition follows:

We, the undersigned, the residents of the Pullman district of Richmond. For lack of schools we have been compelled to send our children to the Stege school. The teachers there say they are overcrowded and want us to send our children across the S. P. railroad tracks that are often covered with water in winter, to the little one-room new school house there. On account of their safety—also the great inconvenience of sending them there, we absolutely refuse to send our children to that school, especially as the money has been voted for the erection of a new local school house—all the lots but a few are already secured, and those are under condemnation proceedings for the school, therefore there is no legal reason why the building operations should not proceed at once. We were informed that the school house would do us no good unless we improved our streets. It is to be supposed that it is much easier for our children to walk to Stege, or across the S. P. R. R. tracks to school on the unimproved streets, than it would be to go to a school right near home.

(Signed): Mrs. J. C. Osbrn, Mrs. J. Goldine, Mrs. D. Roberts, Mrs. L. Hudella, Mrs. A. Lacali, Mrs. M. Accorneo, Mrs. P. Paganini, Mrs. M. Aclornero, Mrs. L. Colombo, Mrs. J. E. Huskinse.

After several hours' deliberation, a jury in the justice court at Walnut Creek disagreed in the trial of Mrs. Francis McElhone of the Frisco Bar, a Stege roadhouse. The jury stood ten to two for conviction. The case was reset for hearing in the same court on next Thursday morning.

Mrs. McElhone lost her license last spring on the grounds that she conducted a disorderly resort. About a month ago she was arrested in a midnight raid and charged with selling liquor without a license.

Most Excellent Chief, Mrs. Bell Richards, was granted an indefinite leave of absence at the meeting of the Pythian Sisters last night in Pythian Castle. Following the business meeting a watermelon feed was enjoyed. The committee that had charge of the feed was composed of Mrs. Bell Richards (chairman), Mrs. Marion Tubbs and Mrs. Bessie Gregory.

Trial of News Editor Matson Held Tuesday

Interest Is Keen in Coming Affair

The trial of Editor Norman H. Matson, who is charged with criminal libel by James P. Arnold, local politician, former chief of police, and defeated candidate for city councilman, will start Tuesday morning in the Superior Court at Martinez before Judge R. H. Latimer.

During the last city campaign Matson, in the Daily News, charged htat Arnold was unfit for public office, because of his alleged conduct of office of chief of police. Matson was arrested the day the article was printed. Shortly afterwards he was held to answer by Justice Hayden at Martinez and has since been awaiting trial at liberty on $2000 bail. He is to be defended by Attorneys Nathan Coghlan, prominent criminal lawyer of San Francisco, and W. S. Tinning of Martinez.

Money for the defense has been raised by the unions of Richmond and of San Francisco.

Smith will attend the Royal Arch Conclave in San Francisco.

Tax Rate Will Be Over $1.10

The rumor that the tax rate for the city would be $1.10 on a $100 does not appear to have a very firm foundation. Interviews by Daily News representatives indicate that the rate will be slightly in excess of this amount. However, nothing definite on this matter has been decided.

NOTES OF UNIONS OF INTEREST IN THIS CITY

Whether seamen who are injured in the performance of a maritime contract are entitled to compensation is the next point to be decided by the Supreme Court in connection with the workmen's compensation act. Four writs of review, returnable on Sept. 13, directed against the Industrial Accident Board, have been issued by the court. The present hearings on the subject are an outgrowth of the case of Harry Stievers, an employe of the Steamship Bowdoin Co. Stievers was awarded $2438 damages as a result of injuries sustained while in the company's employ. The steamship company alleges that Stievers' case is under the jurisdiction of the Admiralty Court.

BREACH WIDENS.

The split between the administration forces in the convention of the International Typographical Union in Los Angeles was made more pronounced yesterday when the opposition won its demands for a reconsideration of the adoption of the six-day law.

FALSE FIRE ALARM.

VITAL TO FUTURE OF RICHMOND; ALL FAVOR ACTION NOW

Statements Are Given Showing Trend of Public Attention

Let us have playgrounds and let us have them NOW.

That is the sentiment of Richmond today. Further inquiries were made yesterday by representatives of the Daily News and as before every one approached was decidedly in favor of IMMEDIATE action. "Let there be playgrounds and plenty of them," is the general answer to the question of whether or not playgrounds are needed in Richmond. The Daily News today prints several of the many statements in favor of the project.

They follow:

C. A. ODELL, attorney: "Richmond should have playgrounds. I believe in providing for the bodily welfare of the growing generation. Playgrounds make this possible. They make strong, healthy, happy, properly developed children, a thing which is essential for manhood and womanhood. A child is not given the proper training unless given the proper exercise. I am certainly decidedly in favor of playgrounds."

FROM THE RICHMOND CLUB: "This club has always advocated playgrounds. The time is now propitious when some definite action should be taken along these lines. The children are entitled to be given the opportunities which will develop them physically as well as provide for their mental development. Let us hope that this matter will materialize into playgrounds NOW."

W. F. ROBINSON, attorney: "I am certainly in favor of playgrounds and parks in Richmond. The more the better. While a student at the University of California, I was a classmate of Mr. J. W. Dickey, head of the playground department of Oakland. Since Mr. Dickey has assumed charge of the Oakland playground system he tells me that good results obtained surpass even his most optimistic expectations. I have passed by several of the Oakland playgrounds and have always seen hundreds of children at play. They were a happy, live crowd and certainly demonstrated that I had missed something of life in my childhood days. Therefore I say, let us give the children the opportunities which we did not have. They are entitled to them and the sooner they get them the better for our future generation."

The Daily News could quote scores of others. Councilmen, businessmen, legal lights, parents, in fact everyone in the city favors playgrounds.

Let us not consider the almighty dollar when such a vital question faces the city.

Recently a playground commission, consisting of the Board of Education, rendered an exhaustive report to the city council, showing the necessity of playgrounds in this city. They stated that the school grounds could be used for this purpose, the only expense being the installation of playground apparatus.

But why hesitate at the school grounds? There are numerous locations about the city which are ideal for these places of recreation.

THE PEOPLE WANT THESE PLAYGROUNDS AND THEY WANT THEM NOW. IT IS TO BE HOPED THAT THEIR HOPES ARE REALIZED NOW.

"FLAG WHAT WE MAKE IT."

"The flag is what we make it," quoted Louis F. Post from Franklin K. Lane's famous Flag Day address, speaking before the League for Home Rule in Taxation.' "It should be the emblem of free men in a country whiih free men own," he continued, "and that is the land question." Continuing, Mr. Post said:

"Until you have this, you cannot ask the young men to fight for anything but a piece of bunting. Each child born in the United States should have equal interest in all the flag represents. The open country must be free for cultivation, not bound and held idle. But this is only a part of the land question. Here in San Francisco 50 per cent of the land is still vacant when your fire is prehistoric. And as we go East this condition grows worse. In New York City the mere land sites are worth twice as much as all the buildings, representing untold value in human work. Indeed this question is a planet question. So long as a child comes into the world without the right to stay, without slaving, the present system remains a world-wide injustice. Yet this seems impossible to many, without bringing the world to communism. The present practice of ground rent solves the difficulty. All we have to decide is that the increase in the value of land which comes from growth of population, shall go into the common pool instead of into private pockets. When this is accomplished, speculating in land will have to stop.

Henry George once said that he was not sure of the beneficence of the Omnipotent Intelligence until he fully understood the law of rent, for it precludes the growing dependence of the individual upon the whole state, and, consequently the greater responsibility of the state for the individual.

Frederick C. Howe, immigration commissioner of the port of New York, speaking before the League for Home Rule in Taxation, after paying a brief tribute to Joseph Leggett, whose letters were an inspiration to the late Tom L. Johnson of Cleveland, continued as follows:

"The trouble in Europe is the land question. The war today, and the wars of the last twenty centuries, have been land wars. Land monopooly is back of the ruling classes in all militaristis countries. In England, twenty-five men own half the land; in Russia and Austria, 40 per cent of the land is owned by the aristocracy; in Germany, the Junkers hold land in greater proportion.

On the other hand, France, with 9,000,000 land owners, is a nation of peace lovers. The same is true of Denmark and Switzerland.

The solution of the land question will be the solution of the international question, for when great fortunes in land values are not allowed to accumulate, there will be no over seas investments. England has Gibraltars all over the world for the protection of privilege; England has never had a foreign minister who has not been of the Tory class.

So far the ruling classes have been able to make the workers bear the burden of taxation. With those who hold the land in their clutch compelled to pay the cost of their criminality, we have an end of war, a universal prayer for peace.

MAY BE LAST INDIAN FIESTA.

The way of the native Indian is passing rapidly as the aged redskins fall in quick succession now. With their departure go the curious rites and dances and gorgeous array of color, feathers and paint, for the youths have adopted the white man's way.

It is only with the greatest difficulty that the aged can longer be induced to display for the white man his almost forgotten past and the fiesta of the Pala Indian tribe to be held at the San Diego Exposition August 25, 26, 27, 28, may be its last. Even this is held in honor of the anniversary of white man, Fra. San Luis Rey, their patron saint of Franciscan civilization.

One hunderd of the aged tribesmen have consented to go to the fair in white man's automobiles for the celebration and perform their ritualistic dances in costume. Some 400 of the younger generations will attend, too, but they will have none of the ancient costumes. Instead, they will gamble at Peon, or exercise at the game of Pelote. The old women will weave baskets ad make lace, for which this tribe is most famous, but the maids, it is feared, will wear the best picture hats they have been able to procure and allow somebody else to do the work.

Richmond Holding Record of Growth

Progresses Faster in Proportion to Size Than Any Other Coast City. Facts and Figures Prove This.

RICHMOND (Cal.), February 19, 1915.—Richmond's growth during the last year has again beaten all records. It is far greater in proportion than any other of the coast cities.

The following remarkable statistics will convince the most skeptical that Richmond is developing as a Manufacturing, Industrial and Commercial City faster than any other place.

	1905	1914
Population	1,250	20,538
Factories	14	35

Buy It NOW And Get RICH

Never Again Such an Opportunity As Now

During the so-called "Dull Period" of the past two years, while Stocks, Bonds and nearly all classes of securities have depreciated in value, the lots we have sold in our Nicholl-Macdonald Ave. Business Center Tract Richmond have constantly increased in value.

The property we have sold in Richmond during the past five years has increased more in value than lots in all other tracts combined.

Nowhere else in California can you buy lots at the price and terms we are selling them for in our Business Center Tract on which you can make as much money

You Can Always Buy a Resident Lot

or a so-called water front lot, but never again will you have the opportunity of buying on small monthly payments lots that are actual Business Property Now.

"Buy It Now"

BUSINESS PROPERTY on small Monthly Payments from BURG BROS., INC.

BIG PROFITS

Nowhere in Rihcmond (or at any other place) is property increasing in value as much or as rapidly as the lots sold by

BURG BROS., INC.

We have proofs, hundreds of them. Here are a few:

Purchase Price	Resold for	Profit	On Investment of
$4000	$6500		
700	2000	$2500	$895
2300	3,000	1300	255
	Same lot sold again for $5000	700	375
	Original price of above lot	2000	1425
2300	$5000	2700	725

Another lot resold five times within 20 months. First price, $1250; last, $2500. Profit, $1250 on $325 investment.

One Acre of Ground at 23d and Macdonald Ave. Sold for $2,000—Resold for $75,000.

Fifteen years ago the 200-acre Nihcoll Tract was offered for sale at $70 per acre, a total of $14,000. One corner lot 50x100 of this same land sold for $15,000, or $1000 more than was asked for the entire 200 acres. This saem lot, 50 x100, is now worth $22,500.

TRAINS ON FOX TROT TO SMASH RECORDS IN HIGH JUMP AND 100-YARD DASH.

That the quick movement of the fox trot and the natural swing of the Castle walk are the proper training stunts for any athlete who wants to clear the bar at 6 feet in the high jump and do the hundred in 10 seconds flat, is the belief of Joe Loomis, star of the Chicago Athletic association, who has competed in all parts of the country. Loomis has taken up professional dancing, more because he likes it, he says, than because it is profitable. His sister, Josephine, is his partner. Twenty miles or so daily of stepping to music is a better conditioner than any gymnasium, Loomis believes.

CUBS AND RIO VISTA BATTLE THIS P. M.

Cheek's Cubs will try conclusions with the Rio Vista aggregation this afternoon at 2 o'clock at the Cheek grounds. It should be a warm contest, as both clubs are determined to bring home the fa end of the score. Jones, a Visalia gentleman, said to be a regular phenomenon, will officiate on the mound for the Richmonders. The others on the battle line will be: Moitoza, catcher; Bradley, first; Howe, second; McAllister, short; Parker, third; Putt, left field; Chamberlain, center; Cotoiza, right.

RECOVERING.

Louis Pieroni, who was injured recently at the Los Angeles Pressed Brick company, is reported as rapidly recovering at the Craven hospital. He will probably leave the institution today.

"Hello! What's the latest?" Don't know, I haven't read the Daily News today."

BOX FIGHTERS TO APPEAR AT PINOLE SHOW FRIDAY: LOTS OF ACTION PROMISED

Richmond will be well represented at the boxing show of the Pinole Athletic Club, to be held in that thriving little burg on the evening of August 20 at Foresters' Hall in that place. Special transportation from this city will be provided and the fans will probably attend several hundred strong.

The card is certainly a classy looking one. Kid Smiley and Queenie Miller will participate in the main event. This bird Smiley is a scrapper from the word go and when he gets into the roped arena the fans are going to see a whole bunch of action during the four rounds. Miller would like to beat Smiley. He says that he is confident that he can turn the trick. If he does there is not one Richmond fan who would like to miss the opportunity of seeing some boy with the necessary wallop to send Smiley to the land of sweet dreams. Smiley is mighty popular with Richmond fans and while the local citizens are pulling for him to bring home the bacon, there is always a keen attraction in seeing a hero fall.

In our humble estimation, Miller will have to carry in a couple of Krupp guns and a sledge hammer to put this handsome young Smiley a[way].

Jimmy Duffy and Tony Sheer, who have been matched for the special event, are a couple of fast young "fellers." They have both performed before local audiences and both are well liked by local fans. Then there will be Ivy Johnson and Melvin Richmond in another little setto. Richmond is a Richmond citizen, while Ivy hails from Oakland. Ivy has tipped over some pretty fair men and the bout should develope considerable enthusiasm.

Young Butch vs. Frank Brazil and Young Nabisco vs. Kid Thompson completes the evening's bill. Butch and Brazil are a couple of local boys. Both are slam bang millers and can stand up under a pretty heavy rain of swings. There is considerable animosity between these two young gentlemen, and like the other bouts it should be a classy one.

San Pablo will turn out strong to see Kid Thompson hook up with the Cracker Boy. Nabisco is a miniature whirlwind when once in motion and should give Thompson an interesting session.

Manuel Lewis is promoting the show and is making every preparation possible to insure its support. In fact the show should be a great success, as the card is certainly one of the best for milling ever signed in these parts. Our own Jimmy Silvas will officiate as the third man in the ring. Jimmy assisted in making up the card. He is a capable referee and his decisions are, with few exceptions, popular with the fans. C. B. O'Hara will handle the announcing end of the afternoon's entertainment.

IEMA HAS POSTAGE STAMP OF KINK OF INKY DINK; RICHMOND IS NOW SURE WINNER HE SAYS

"The Richmond Elks baseball club is the best club outside of organized baseball on the coast," declared Iema Knutt last night. Iema has just completed looking over the records of the local club, so he was in a position to know whereof he jabbered.

"Say," continued the famous scribe, "this bunch here has Petaluma, Sebastopol and Martinez backed clear off the boards. This bird, Denny J. Healey, at Petaluma is so lucky that if he saw a jitney running along the street, the jit would leap into his jeans. How he ever won any games without the assistance of old man Hayes is a mystery to me. Then this lad Thomas at Sebastopol. Now Joe is a pretty fair sort of a chap and is probably a good farmer, but when he digs into the baseball business he is way over his head. Of course, Joe's gang shoul make a fair showing against Martinez or some other weak club, but Joe can consider himself a lucky young man by reason of his victory over Richmond. My heart fairly bleeds for Joeo McNamara. This poor fish is certainly out of luck all around."

Iema declared that Richmond's defeat was due merely to ill-fortune. He declared that he has the lucky postage stamp of the Kink of Inky Dink, which insure Richmond sure victory whenever entering the conflict hereafter. Iema will attend today's game at Luce's Park and will inflict it upon Daily News readers Tuesday a. m.

BEHR WINS

SEABRIGHT (N. J.), August 15.—Karl H. Behr of Newark defeated Maurice E. McLoughlin of San Francisco yesterday in the singles final of the tournament on the turf of the Seabright Lawn Tennis and Cricket Club in straight sets at 8—6, 7—5, 7—5. Behr made use of the same tactics which R. Norris Williams II employed a year gao when he won the national title from McLoughlin at Newport. He gave the Californian few chances to play his best strokes.

Robbed of his dependable overhand strokes and finding it a costly experiment to try for the position at the net McLoughlin adopted a varied assortment of ground strokes from the back of the court.

Behr will meet R. Norris Williams II, national champion, for his holdings of the Achelis challenge cup tomorrow afternoon.

In all the sets, Behr made use of splendid forcing tactics. With his swift pace and completeness of control he had McLoughlin at his mercy.

Near the end Behr was somewhat exhausted from the heat. He was not able to [illegible] in his grasp, and McLoughlin caught up with him, only to have Behr make a thrilling stand and shoot the ball by im for te winning points.
